'The Gin & Tonic'

There is more to the ubiquitous G&T than you would probably think.

Gin has become the single most popular spirit to produce in the UK, and the last 4 years have seen an explosion of experimentation with different base spirits, botanicals and finishes. We pair each gin with a garnish that ensures that the most prevalent flavours are enhanced or complimented. Please let us know if you would prefer a simpler garnish – we will be happy to oblige.

Something to Write Home About...

Occasionally we get our hands on some pretty special wines. Sometimes they are rare & expensive, but sometimes they are just the last few of something we absolutely loved and probably won't see again. This is where you'll find these wines...

The Pennant Chardonnay, Robert Oatley 2010 (Margaret River, Australia)

With a worldwide production of just 1200 bottles, and made by rising-star winemaker Larry Cherubino, this is one that is definitely not to be missed. Wonderful rich, buttery flavours balanced by a delicate freshness and acidity.
